

OXY STERILE SPRAY

PAG-961-250S (250 ml)

USE OXY STERILE SPRAY IN COMBINATION WITH BIOPTRON FOR ULTIMATE WELLBEING

The Swiss-made Oxy Sterile Spray is pure water enriched with a concentration of oxygen for moisturizing, vitalizing, relieving and protecting both the face and body. Use Oxy before a BIOPTRON Light Treatment on the area you want to concentrate on. It is ideal in combination with BIOPTRON for Anti-Aging treatments, certain injuries, and wound healing. Oxy Spray is **STERILE** - making it suitable for even the most delicate baby skin.

Oxy Sterile Spray is **pure water** enriched with a high concentration of pure oxygen. The product is totally **sterile**. This pure water is treated in a patented **Oxygen** System to increase the concentration of soluble Oxygen in the Water.

Beneficial effects:

1. Moisturizing
2. Refreshing
3. Revitalizing
4. Balancing
5. Relieving
6. Protecting

WHATEVER YOUR CONDITION, FRESHEN UP WITH OXY IN EVERY SEASON!

BENEFITS OF OXY STERILE SPRAY

OXY STERILE SPRAY'S MICRO DROPLETS ARE INSTANTLY ABSORBED, THUS MOISTURIZING, CALMING AND REFRESHING YOUR SKIN.

OXY STERILE SPRAY'S APPLICATION

With BIOPTRON Light

To revitalize and heal your skin.

With BIOPTRON Light & Zepter Cosmetics

To complete facial cleansing and as a finishing touch to your daily skin care.

As a Beauty Booster

To make your skin more radiant and to calm it after shaving or sun exposure. The fine dispersion of the spray fixes your make-up.

For Your Well-Being

To protect your skin from dryness, providing a calming and refreshing effect. It is suitable for all skin types and can be used to improve mild or moderate acne.

**For Your Health
(injuries, rash etc.)**

To support your skin's functions, as Oxy helps to fight environmental pollution, the effects of air conditioning and of central heating.

At the Office

Have Oxy ready in the office to freshen up and relieve stress or to protect your skin from air conditioning.

At the Gym

Have Oxy ready in the gym to freshen up and relieve stress.

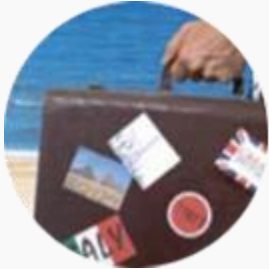

On the Beach & in the Mountains

Use Oxy on the beach or in the mountains all year round to cool sun-stressed skin and for extra hydration.

In the Car

Take Oxy on the road to get rid of travel fatigue and for overall refreshment.

On the Plane

At home, in the office, in the car, in the hotel, in fitness centers, on holiday – simply everywhere.

HOW TO USE

Oxy Sterile Spray is the **only sterile product** of its kind on the market making it suitable for men, women and babies.

Oxy Sterile Spray can be used whenever you want to refresh and revitalize your skin.

Although it is a cosmetic product, Oxy Sterile Spray can be sprayed on minor wounds and skin injuries. Oxy Sterile Spray is suitable not only for the **face** but for the **whole body**. Simply spray a thin layer on the skin. Do not wipe or pat dry, but let it dry.

Oxy Sterile Spray is a natural and unique skin care product formulated to provide our skin with **hydration** and **vitality**. Our skin needs oxygen and water to stay healthy.

A lack of oxygen can result in a change of the skin's metabolism causing the skin respiration to slow down, which finally can cause premature skin ageing. Oxy Sterile Spray can help your skin look healthier and more beautiful.

OXY'S UNIQUE FEATURES

- Totally **sterile**
- Contains a high level of oxygen
- During its life cycle and usage, the concentration of **oxygen** remains stable
- Nitrogen as propellant - extra safe barrier between the inner bag and the can wall
